*Cercle de l'Union Interalliée, Paris*

**Theme:** ***“The Race for Global Clean Energy Infrastructure”***

**Venue:** **Cercle de l'Union Interalliée**  
*33 rue du Faubourg Saint Honoré 75008 Paris +33 1 42 65 96 00*

**Purpose:** Montreux Energy's **Paris Clean Energy Roundtable** is an invitation-only, interactive stakeholder workshop featuring recognized policy experts, thought leaders and stakeholders from industry, government, academia, research and investment to discuss the future of clean, low-carbon power and mobility. Join us in celebration of 20 years of convening senior-level energy strategy roundtables in Europe, North America, and China.

The event will consist of a networking luncheon followed by industry roundtable discussions. Our objective is an interactive conversation about managing the transition and seeing the entire clean energy landscape. What are the major investable areas for growth and profitability?

**Benefits:**

- High-level, industry-to-industry interaction and quality dialogue
- Opportunity to build and renew working relationships
- A private, invitation-only debate without the constraints of the press
- Presentations and proceedings available via CleanEnergy.com

**Websites:** [www.CleanEnergy.com](http://www.CleanEnergy.com) [www.MontreuxEnergy.com](http://www.MontreuxEnergy.com)

**Registration:** Registrations are now closed. Please contact us immediately if your company wishes to join this event.

Please join us to share your visions. We look forward to having you with us!

Sincerely yours,

Andrew W. Bermingham, CEO

## MONTREUX ENERGY

Montreux Energy organizes senior-level strategy roundtables on the future of global energy investment. Since 1990, over 7000 leaders have participated in Montreux Energy roundtables.

Montreux Energy convenes broad and comprehensive discussions of the landscape for energy supply, demand, and emissions over a practical, five- to ten-year investment horizon. We debate policy, technology, and investment trade-offs as we transition to a clean energy future. We endeavor to include all industry and thought leaders in energy, power, transportation, infrastructure, and services.

We host key regulators and policy officials, from local, state, federal, and international organizations, and we invite new, creative thinking on how to modify, guide, and incent consumer behavior, responsibility, and leadership.
